CUSTOMER NOTIFICATION

Water Utility of Northern Scottsdale has applied to the Arizona Corporation Commission for an adjustment in rates. The current rates have been in effect since January 2004. An increase in rates is necessary at this time due to the Company's continued operating loss and the Arizona Corporation Commission's order from Decision No. 62362 that the Company file for a rate case by April 30, 2008. Based on the Company's un-audited Test Year results, Water Utility of Northern Scottsdale realized an operating loss of (\$40,033). The Company is requesting a revenue increase of \$50,438 or 44.8% of total adjusted test year revenues (adjusted test year revenues include revenues from future customers, this offsets a portion of the burden of the rate increase from current customers to the Company). Please see the attached pages 9, 10 and 12 of the Company's application for the current and proposed rates.

The Application is available for inspection during regular business hours at the offices of the Commission in Phoenix at 1200 West Washington Street or online at <http://edocket.azcc.gov/edocket/> and at Global Water in Phoenix at 21410 N 19th Avenue St. 201. Please be advised that the rates and charges ultimately approved by the Commission may be higher or lower than the rates and charges requested in the Application.

Customer input is an important part of the Commission's analysis of the requested adjustment and is a factor in determining whether a hearing will be conducted. Customers should bring to the Commission's attention any questions or concerns related to the Company's Application including service, billing procedures or other factors important in determining the reasonableness of charges. Customers may have the right to intervene in this matter. Customers wishing to communicate with the Commission, or request information on intervention in the proceeding, should contact the Commission's Consumer Services Section at 800-222-7000 (if located outside the Phoenix local calling area) or 602-542-4251 in the Phoenix local calling area. Customers may also contact the Tucson Commission office by calling 800-535-0148 (if located outside the Tucson local calling area) or 520-628-6555 in the Tucson local calling area.

Customers are advised that the Commission may act upon the Application without a hearing. Regardless of whether a formal hearing is held, customer comments submitted in writing will be placed in the office file, which the Commission reviews prior to making its final decision on the Application. It is important that customers contact the Commission within 15 days of the receipt of this notice so that the Commission's Staff can consider customer comments and concerns in developing its recommendations to the Commission.
